

Marian High School and the University of Notre Dame's Center for STEM Education are proud to sponsor the

SUMMER CODING AND ROBOTICS CAMP

"Hands-on" and "Minds-on" Learning!

The two-week **Summer Computing and Robotics Camp** is aimed specifically at middle school students. Students will work collaboratively to learn basic programming skills and use the engineering design cycle to solve problems.

Week 1: July 7 - July 10, 8:30 AM - 11:30 AM
Week 2: July 14 - July 17, 8:30 AM - 11:30 AM

For students entering 6th, 7th, or 8th grade in Fall 2025.

Cost

\$100 per student. Those interested should inquire with the host school for information regarding scholarships.

Registration

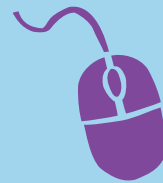

Available starting in March, register at the following link to reserve your spot:

<https://marianhs.org/summercamps>

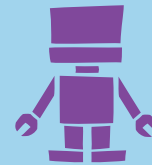

Camp Highlights

Engage in hands-on collaborative activities using the engineering design cycle

Learn how to code in two different programming environments

Work with the Finch Robot to navigate obstacles, sing songs, and play games

Design and code your own robotic pet

Location

Marian High School
1311 S. Logan St.
Mishawaka, IN 46544
